vs.)	UNITED STATES OF AMERICA
)	CONCERNING STATUS OF
WALKER RIVER IRRIGATION DISTRICT,)	SERVICE ON CERTAIN PERSONS
a corporation, et al.,)	AND ENTITIES
)	
Defendants.)	
)	

The United States of America (“United States”), on behalf of itself and the Walker River Paiute Tribe (“Tribe”), submits the following information related to its service efforts on persons and entities subject to service under the *Case Management Order* (Apr. 18, 2000) (“CMO”). As set forth in this pleading, the United States asks the Court to approve certain service efforts, to amend the caption related to this phase of service, to make corrections and additions, and, in some instances, to take no action at this point as service efforts are continuing. The instant filing

focuses on a portion of those persons and entities subject to service under Paragraph 3 of the CMO.

This is the fourteenth such filing that the United States has made in this action. The United States and the Tribe ask the parties to direct any comments or corrections regarding this report to the United States so that any corrections might be made promptly. In addition, the United States will include this report in the proposed agenda for the status conference with the Magistrate Judge, scheduled for March 30, 2009, and will suggest that the Court address the report and relief requested at that time.

As with the previous Service Reports, this pleading includes a set of exhibits. The entire pleading will be served on persons and entities receiving E-service. Otherwise, we have served the exhibits to this filing in the same manner in which we handled the previous filings. Individuals and entities addressed in this filing have received copies of only those exhibits that concern their service issues, and we will provide any of them with copies of any additional exhibits that they wish to obtain.

Except as otherwise directed by the Court, we will be submitting a separate filing of the original Waivers of Service, Notices of Appearance, Disclaimers, and Notices of Change of Ownership of Water Right, arranged in alphabetical order.

We have organized the instant pleading numerically, according to the alphabetical listing of names included on the caption in the United States' and Tribe's respective First Amended Counterclaims. Exhibits are numbered to correlate to the overall numerical organization (*i.e.*, Exhibit 1 relates to the discussion of Defendant #1). For each Defendant addressed, we have attempted to identify all service categories relevant to that Defendant, but we are not

representing these identifications as necessarily complete or asserting that any Defendant subject to service under CMO categories not specifically identified would need to be served a second time. To the extent that corrections or additional or changed parties appear appropriate, those are discussed in connection with the listing as originally identified in the case caption.

We have not yet provided the Court with a proposed amended Caption, but are prepared to do so after the Court addresses the requests stated herein.

In an effort to assist with the development of the Certificate of Service for this case, we have included in this pleading addresses for counsel, and if there is no counsel, addresses for service upon the individual or entity served. To the extent that the person or entity is not identified clearly in the address indicated for service, we have included that information in brackets. We recognize that if the Court dismisses certain individuals and entities from the case, as we have requested, the Certificate of Service attached to this document will change as well.
